SATURDAY, Jan. 18-6 P. M. On 'Change to-day cotton was quiet, but not materially changed in value. The receipts at the ports to-day aggregated 15,322 bales. Flour was in demand and very firm. Wheat was quiet, but firmly held, while corn was dull, but not quotably

The total imports of foreign goods at this port during the past week were of the specie value of \$11,282,162, made up of \$3,435,699 of dry goods and \$7,846,463 of general merchandise. THE COTTON MOVEMENT.

The receipts of cotton at all the ports for the past week were 136,225 bales, against 133,235 bales the previous week. The total receipts since September 1, 1872, are 2,003,525 bales, against 1,703,000 for the same period of last year, showing an in-

of 300,525 bales. The exports from all the ports for the week were 87,854 bales, against 82,415 last year. The total exports for the expired portion of the cotton year are 1,098,792 bales, against 909,497 last year. The stock at all the ports is 503,918 bales, against 511,226 for same date in 1872. THE FOREIGN MARKET.

The London quotations came steady for consols and United States securities, and with an improvement of % in Erie shares. The London Investors Guardian of the 4th instant, referring to the fortnightly settlements at the Stock Exchange, says:-Several failures were announced, chiefly through over speculation in Eries; in one case the differences amounted to £40,000, on which a dividend of \$8.40. In the pound has been paid; in another case the differences were £12,000, to meet which the defaulter had a balance at the bank of twenty-five shillings.

It is to be presumed the latter gentleman has emigrated to America to start anew in New York. THE BANK STATEMENT.

The bank statement proved quite favorable and surpassed the expectation of the street. The chief feature is a gain of over three and a half millions of legal tenders, reflecting the return of currency to this centre from the interior, the movement embracing more greenbacks than it was thought to do. The effect of this addition to the reserves has been impaired by a loss of nearly a million and a half of specie, the result of the heavy drain of gold into the Custom House to pay for duties on the imports of the week. The deposits are greater to the extent of a good five millions and the loans have been expanded over two and a half millions. The statement compares with its predecessor as fel-

The gold market was strong and active and the 113%. The immediate influence occasioning rise was the further Custom House return of the week's imports of foreign merchandise, showing a total introduction of ever eleven millions, which was helped again by the considerable decrease of specie in the bank statement. The Sub-Treasury paid out \$275,000 on account of interest and \$6,500 on account of redeemed five-twenties. The City of Washington, whose sailing is delayed until tomorrow, will take out \$250,000 silver. The only shipment to-day was \$15,000 silver, the gold previously engaged having been withdrawn. THE SYNDICATE REDIVIVUS. A Washington despatch to a Wall street news

A Washington despatch to a Wall street news bureau says:—

Jay Cooke & Co., associated with Rothschilds, Morton, Bliss & Co., Morton, Rose & Co., Messrs. Morgan and the Barlings, London, through their representatives, have presented to Secretary Boutwell a written proposition for negotiating the balance of the five per cents. At the request of Representative Dawes, the Secretary reserved his final answer until atter the meeting of the Ways and Means Committee on Tuesday next, when the question will be finally acted upon. Secretary Boutwell will be governed by the committee, but will not agree to piace upon the market more than one nundered millions at any one time.

STOCKS DULL AND IRREGULAR.

STOCKS DULL AND IRREGULAR. The stock market was again dull, with an irregular movement in prices; but with a rather firmer teeling prevailing after the bank statement, Pacific Mail recovered 134 per cent, to 78%, and Central to 103%. Wabash was weak and declined to 71%, and Western Union was heavy and lower. Hariem was excited, and advanced from 117 to 1221/2, but receded to 119%. The rise was variously attributed to rumors of intended sales of real estate and to the anticipated early success of the underground railroad. New Jersey Central advanced to 104%. Boston, Hartford and Erie declined to 8 on the red return of the President of the company from Europe without being successful in getting help from foreign capitalists. The other changes were

OUR FOREIGN TRADE.

Excessive Importations of Foreign Goods-The Amount Last Week Over Eleven Millions-What H. B. Claffin Thinks of the Matter.

The arrivals of foreign merchandise at this port during the past week amounted in specie values to \$11,282,162, figures not likely to be exaggerated in view of the customs duties required to be paid upon the invoices. Last year the weekly average of the imports was \$8,000,000, which amount was considered excessive. MR. CLAPLIN'S OPINION.

A HERALD representative paid a visit yesterday morning to the firm of H. B. Classin & Co., the largest dry goods establishment in the city, and, after threading his way through the network of cases that filled the immense salesrooms, arrived at the private office of Mr. Horace B. Claffin, the head of the firm, who received him with his usual courtesy. After taking a seat opposite Mr. Claffin

the following conversation ensued:-HERALD REPRESENTATIVE-I have called upon you, Mr. Claffin, in order to arrive at the meaning

you, Mr. Clafin, in order to arrive at the meaning of such a large increase in the dry goods imports during the past week.

Mr. Clafilin—I can only account for it by the arrival of the goods ordered by the large wholesale houses for the Spring trade.

HERALD REFRESENTATIVE—But, Mr. Claffin, the duties paid last week amounted to nearly four milbon dollars, which is double the ordinary receipts of the Custom House from that branch of goods.

Mr. CLAFLIN—I do not believe they amounted to quite \$4,000,000, but to some \$400,000 less.

HERALD REFRESENTATIVE—Well, how do you account for such an increase?

Mr. CLAFLIN—It is generally the custom with many of our large importing houses to send orders to their agents to ship goods soon after the new year, and it appears to be a coincidence that they have all arrived together.

HERALD REFRESENTATIVE—Have you reason to expect any very large trade this Spring?

Mr. CLAFLIN—Well, we expect a fair trade, but I do not see any reason to anticipate anything extraordinarily large.

HERALD REFRESENTATIVE—Why do you have your Spring goods shipped so early?

Mr. CLAFLIN—When they arrive about this season we have time to open the cases and have the goods arranged, in order to make a display for our country customers.

HERALD REPRESENTATIVE—When does your coun-

Herald Refresentative—When does your country trade commence?

Mr. Claplin—Buyers generally are in the city, going and coming, from the end of January until the 1st of March.

Herald Refresentative—How do the dry goods merchants get along with the present Custom House authorities?

Mr. Claplin—Speaking for myself, and I believe the generality of the dry goods trade coincide, there is every reason to be satisfied with the workings of the Custom House, and I believe that the present management is good.

Herald Refresentative—How does the general order business go along?

Mr. Clafili—I have nothing to do with them; but I have heard no complaints against their maner of doing business.

The Herald representative, after thanking Mr. Clafili for his courtesy, retired.
